

ART IN BLOOM

Aloha to all of our many friends, supporters and patron of the arts,

It is with great excitement that we announce Sacred Hearts School's brand new event, Art and Bloom, to take place on April 16th, 2016. This new event will be our 1st annual children's art and literature exhibit and fundraiser. The talents of our youth will be showcased for the entire community to enjoy. Collections, among many, will include 3 dimensional Art and inspirational Martin Luther King, Jr. Peace Poems written by our students. The fundraiser portion of the event will include a silent auction and juried art show. The silent auction has been transitioned from our annual Bazaar to this new event. This new art and literature theme based auction will have collections to bid on based on a book or art project a particular student group is working on.

ART IN BLOOM is a student arts exhibit that seeks to bring art appreciation and awareness to our student body and community with this new annual spring art show. We are seeking to work with creative partners and local artists to give our students and the public access to our creative vision.

This exhibition provides a setting where the school community and the public are able to see the depth and excellence of our student work in art and writing. Our students take art class, music, drama, hawaiiiana, physical education, and religion to supplement their formal education. Our view is that an arts education plays a crucial role in a child's development, both academically and socially. Donor contributions make this well rounded curriculum possible! Your contribution to our ART IN BLOOM fundraiser supports these endeavors.
